

# U.S. Commercial Service Webinar

## China's Economic Stimulus Package

The U.S. Commercial Service/ U.S. Department of Commerce invites you to a discussion on China's macroeconomic situation, implications of the huge stimulus package and how U.S. firms can position for success in this dynamic market.

### Speakers and Topics

The \$586 billion Chinese Economic Stimulus Package is broad-based covering infrastructure, environment, roads, railways, airports, waste treatment, and healthcare.

How can U.S. firms best position to take advantage this stimulus? What should you be aware of in terms of indigenous technology preferences and local content policies? Hear a distinguished panel of China savvy experts discuss the economic, business, and legal views of this topic.

- Welcome Remarks: William Zarit, Minister Counselor for Commercial Affairs, US Commercial Service, US Embassy, Beijing
- Moderator Joe Jasin, Managing Director, DNA Investment Partners, San Francisco
- Overview of the Economic Stimulus Package in China. Duncan Innes-Ker, Senior Analyst, The Economist Intelligence Unit, Beijing
- Business to Business Marketplace: Sector Specific Impacts and Opportunities. Alessandro Duina, Partner, JLJ Group, Shanghai
- Technical and Regulatory Considerations. Fang Fang, Attorney, Baker & McKenzie, Palo Alto/San Francisco
